ABOUT MIAMI MUSIC PROJECT

Miami Music Project is a 501(c)(3) nonprofit organization that uses music as an instrument for social transformation, empowering children to acquire values and achieve their full potential, positively affecting their society through the study and performance of music.

Emerging as a model for music education programs nationally, Miami Music Project offers free-of-charge, after-school programming to all students with no barriers to entry, regardless of race or economic status.

Through this year's challenges, our students and their families relied on Miami Music Project to find a social and creative space where kids could unlock their boundless potential! Thanks to Miami Music Project *Connect* our Teaching Artists and staff were able to provide life-changing musical education for children through remote learning at home this school year.

Miami Music Project is one of the largest socially transformative music initiatives in the US.
